

STAINLESS STEEL ROPE GRAB WITH BUILT IN SHOCK ABSORBER - AFF6000 & AFF7000 SYSTEMS

AFG805103

Features

- Stainless steel wire rope grab can be attached or removed from the cable at any point
- Energy absorbing design reduces the impact forces generated upon a user in the event of a fall
- The rope grab automatically follows the user allowing freedom of movement up and down the cable
- This rope grab has been designed with both inertia and cam locking system for added safety
- Suitable for 8mm wire cable systems AFF6000 & AFF7000

How To Use

Refer to User Instruction Manual
