

DRILL BATTERY HOLDER

DA300501

The Tool Lanyard Drill Battery Holder is an engineered tethering solution for securely attaching power tool batteries to a lanyard, reducing the risk of dropped objects during elevated work. Designed for use with drill batteries in construction, maintenance, and industrial applications, it is compatible with most major battery brands..

Features

- Universal fit for popular drill battery models
- Non-slip inner surface prevents movement during use
- Reinforced D-ring or tether loop for tool lanyard connection
- Quick and easy installation with wraparound Velcro
- High-strength stitching for extended durability
- Lightweight and compact design for ease of use

How To Use

Refer to User Instruction Manual

Components

Webbing	:	25 mm Polyester; Breaking strength 18kN
D-Ring	:	Alloy Steel

Capacity

5.00 kg / 11 lbs

Weight

0.175 gm ± 0.010 gm

Standard

ANSI/ISEA 121-2018
