

MOBILE FIXING HOLDER WITH VHB TAPE

DL100023

The Mobile Fixing Holder, also known as the Micro Catch, is a compact and versatile attachment point designed for use on small electronic devices such as mobile phones, handheld radios, and other small tools. It provides a fast and secure tethering solution by adhering directly to the device surface.

Features

- Low profile design ensuring it does not catch.
- Ready to use in seconds, cures completely in 24 hours.
- Heavy-duty industrial grade double stick tape adheres to most surfaces
- Flexible notched surface allows the Fixing Holder to attach to curved surfaces.
- Adheres to most surfaces, creating attachment points in a matter of seconds
- Attaches directly to the DL100601 Spring lanyard
- Supplied in packs of 10
