

PRODUCT IMPROVEMENT NOTICE

AFF119100 CARRIAGE BODY REPLACED WITH AFF119028 TRAVELER

Please note the following product improvement involving the replacement of the **AFF119100 Carriage Body** with the **AFF119028 Traveler**.

The new AFF119028 Traveler offers several significant advantages over the AFF119100. It now allows the use of **larger length SRLs, up to 30 metres, compared to the previous 10m compatibility**. Additionally, it provides a **smoother travel along the wire and improved transition through intermediates and corners**. It is also equipped with a **stainless steel karabiner, enhancing both durability and safety features**.

The AFF119100 is now being phased out and replaced with the AFF119028.
