

PRODUCT IMPROVEMENT NOTICE

AFZ150100 SUSPENSION TRAUMA STRAPS

Please note the product update to the AFZ150100 Suspension Trauma Straps.

Improvements:

More Rigid, Durable Outer Casing – We have enhanced the outer casing of the AFZ150100 Suspension Trauma Straps to **provide increased rigidity and durability**. This improvement ensures better longevity and reliability in demanding environments.

Color-Coded Loops for Enhanced Identification – To facilitate easier and quicker identification of the loops used to secure the straps, we have **implemented a colorcoded system**. Each loop is now distinctly coloured, enhancing usability and safety during deployment.

NEW DESIGN

Please note the new design will be introduced once all existing stocks of the current design have been sold. This transition is part of our ongoing commitment to innovation and improvement.

Our engineers and design teams have made every effort to ensure that the transition to the new design is seamless and are confident that your experience with the newly redesigned product will be positive in every sense.

Thank you for being a valued customer, we look forward to continuing to serve you with our reliable, high-quality products.
