

## PRODUCT IMPROVEMENT NOTICE

### AFZ150100 Suspension Trauma Straps

We wish to inform you regarding a product improvement for the **AFZ150100 Suspension Trauma Straps**

**PREVIOUS DESIGN**

**NEW DESIGN**

The improved model offers several changes:

#### Covers

The covers are made of durable TPU material that maintains its shape through repeated use and withstands extreme weather conditions like cold, rain, and heat without deforming.

#### Zipper

Features a concealed zipper for improved aesthetics, durability, and longevity. Its runner is larger and stronger than before.

#### Webbing

Made of 20mm wide red and black polyester webbing with a six-shaped buckle stitched at one end. It features multiple open loops marked in red for quick and easy identification, allowing efficient hook attachment during emergencies.
