MARKING

5. HOW TO DISPOSE A SUSPENSION TRAUMA STRAP:

When the suspension trauma strap becomes unfit or in case of any wear and tear, dispose it immediately.

Follow the steps for Disposal:

- Segregate the equipment in three different crates for placing components in them respectively as- Textile, Metal and Plastic.
- Hold the suspension TRAUMA strap from Dorsal D-ring.
- Inspect the wear & tear present on the suspension trauma strap.
- Now, using a sharp pair of scissors first cut the Textile and dismantle the suspension trauma strap.
- Now remove the metal & plastic components separately from the suspension trauma strap.
- Put the Textile, Plastic & Metal components in their respective plastic crates.
