

HAMMER HOLDER

DA300503

KStrong Hammer Holder is a secure and durable tethering solution designed to hold and tether hammers when working at height. It provides a stable and easy-access platform for hammer storage and connection to a tool lanyard, minimizing the risk of dropped tools and enhancing safety compliance.

Features

- Universal fit for most hand-held hammers
- Quick access while keeping the tool secure
- Reinforced tool cradle with abrasion-resistant base
- Tether ring ensures lanyard attachment without interference
- Easy attachment to belts, harnesses, or work pants
- Lightweight, ergonomic, and rugged

How To Use

Refer to User Instruction Manual
