

HOTWORX WELDERS ANCHOR STRAP 1.5M

AFA927015

The Welders Anchor Strap has been designed to be used in the most hostile conditions whilst protecting the user. Ideally used in Construction, Heavy Industry or where the users are exposed to Flame, Heat, molten materials, or sparks whilst at heights.

Features

- Ideal anchorage solution to anchor fall arrest blocks overhead.
- Heavy duty webbing resists cuts and abrasions
- Ideal for structural steel beams other rated structures, especially when exposed to high-heat environments.
- Simple Choke-on attachment can be moved and reused
- Can be used as temporary and semi-permanent anchor
- To be wrapped around structures to create a secure anchor point
- Easy to install
