

KERNMANTLE SEMI STATIC ROPE

**ANX2000105, ANX200011
& ANX200012**

The Kernmantle Semi Static rope is widely used for Rescue Kits, Rope Access, recreational / abseil activities and Industrial applications

Design

- Designed to have minimal stretch, low sheath slippage and extremely durable.
- Soft and supple with excellent UV and abrasion resistance
- Has colored tracer yarn which loses its color in due course of time to show that the rope is now unfit for further use.
- Tracer thread woven into rope core indicating the size, standards and date of manufacture.
- Available in a variety of lengths
