The Program Details

Cost

Just \$2.50 per logo imprint, per harness.

Low Minimums

25-harness minimum order quantity.

Total Flexibility

Mix and match harness sizes to reach your 25-piece minimum!

Note: Orders below 25 harnesses cannot be processed without manager authorization

Turnaround Time & Expectations

Standard Lead Time : 7-10 Business Days.

The Clock Starts : The 7-10 day production window only begins after the warehouse receives your order AND your logo is **verified and approved** in our system.

Important Rules : **Business days are Monday-Friday.** Orders received **after 3:00 PM** local warehouse time will process the following business day.

Note: The 7-10 day timeframe covers production only and does not include shipping/transit time.

File Requirements

To ensure the highest quality print, **please submit your logos meeting the following criteria:**

Accepted Formats : AI, .EPS, or .PDF (Vector formats highly preferred!). **High-res .PNG** (300 DPI minimum) is also accepted.

Color Mode : CMYK or PMS values required.

First-Time Logos : **New logos require 1-2 business days** for system entry and proofing. Customer must provide written authorization confirming the right to use the logo.

The 6-Step Workflow

Step 1: Order Receipt

Warehouse receives your harness order.

Step 2: Logo Verification

Logo is cross-checked in the KStrong system for approval.

Step 3: Pre-Print Review

Specifications are confirmed (size, placement, color profile).

Step 4: Production

Your gear hits the print line (7-10 business days).

Step 5: Quality Inspection

Every print is inspected for accuracy, color consistency, and defects.

Step 6: Ship

Your custom gear is packaged, shipped, and tracking is provided!
