

KStrong® Kaptor™ Clip2Loop Coil Tether (10 Pack)(ANSI)

Model: DL100601

KAPTOR™
DROP PREVENTION

DESIGN

- Extendable tether used to connect a tool with the user's harness or to an anchor.
- Made up of 3mm PU coated extendable tether having one side plastic swivel hook & other side buckle set.
- When properly used it helps to prevent the tool from being dropped from a height resulting in injury to a person below or damage to the tool itself.
