KStrong® Wedge Socket Plate

Model: UFF113222

The KStrong® Wedge Socket (UFF113222) provides a secure, swageless termination point for horizontal wire rope lifelines. Crafted from electropolished and E-coated stainless steel, it allows installers to create a strong end connection at variable lengths without the need to cut the wire, preventing damage and loose wire ends. Rated for a minimum breaking strength of 25 kN and equipped with a durable D-shackle for immediate connections, it ensures a neat, reliable, and highly adjustable termination for maximum safety.

DESIGN

- The wedge socket provides strong swaged end connections to the user working on the line.
- Equipped with a D-shackle to be used for making a connection.
- Termination point can be created at variable lengths without cutting the wire at the end.
- Provides a neat end connection without any damage on wire with loose wire ends.

MATERIAL

Stainless Steel

FINISH

Electropolished / E-Coated

VITAL TEST COMPLIANCE

Material: Alloy Steel
Finish: Silver or Golden Yellow Galvanized
Breaking Strength: 5000 lbs.

WEIGHT

2.38 lbs. ± 0.02 lbs. (1.08kg ± 0.01kg)
