

KStrong® Weather Cover for SRL Sizes Up to 100 ft.

Model: UFZ840100

DESIGN

- Weather cover designed to protect the SRL installed on a structure from harsh environmental effects such as dust, rain, direct UV rays of sunlight, etc.
- Constructed of a hard plastic cover on top and transparent cover around the SRL, allowing visual inspection of label, housing, etc.
- Kermantle rope at the bottom helps to retain the cover profile
- Compatible with KStrong SRL models with up to 100 ft. of lifeline
- UV-rated transparent PVC cover prevents UV degradation of the SRL housing

MATERIAL

Top Cover: TPU
Transparent Cover: PVC
