

KSTRONG®
UNRIVALED SAFETY.

2020 MINI CATALOG

- QUARTER 2

SELF-RETRACTING LIFELINES

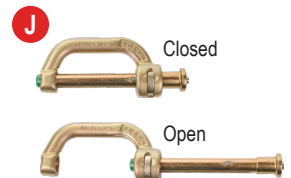

KStrong offers a full range of self-retracting lifeline solutions to meet nearly every user requirement and for a wide variety of applications. Whether the user is working in construction, utilities maintenance or general industry and the installation is overhead at foot-level or personally attached to the harness, Micron™ and BRUTE™ SRLs provide durable performance and reliability that's supported with 3rd-party testing documentation to meet all applicable industry standards.

MICRON™ SRL SERIES

UFC401101 Carabiners included with every BRUTE™ SRL and SRL-LE. Tag Lines also included for all models 18 ft. and longer.

BODY WEAR

When it comes to your fall protection equipment, a full-body harness is the single most important equipment choice you can make for your crew. While KStrong harnesses are built to meet or exceed ANSI standards and OSHA regulations, we've also designed comfort, lumbar support, positioning rings and accessibility into our body wear with continued freedom of movement, sustained safety and improved productivity for workers at height. KStrong harnesses provide workers with confidence, which directly affects the user's productivity. While many of our safety harnesses can be used on most jobs, we also manufacture innovative full-body harnesses for specific uses within different industries.

ANCHORAGES

Selecting an appropriate anchorage connector for your fall arrest system is a critical element in protecting yourself and others from fall hazards. Designed to fit a broad scope of general and specific user applications, our offering of anchorage connectors meets those requirements head-on by providing a secure point of attachment. Fall arrest anchors are identified by what they connect such as steel anchors, concrete anchors, roof anchors and specialty safety anchors designed for your unique applications. Your crew can work with confidence knowing each connector is rigorously tested and meets or exceeds industry standards.
